JoJo

be the toast of the islands

JoJo effortlessly glides across the water to explore the realm of natural wonders of the Andaman Sea, the Malacca Straits and the far reaches of South East Asia. Equipped with uncompromised comfort and amenities, this motor yacht is equivalent in style and substance to her larger counterparts. At 25 metres in length, JoJo can accommodate up to eight guests in supreme luxury and her high performance expands her cruising grounds whilst reducing time between destinations.

island lifestyle

Why leave life's little luxuries behind when it can come with you? JoJo is an exceptionally well appointed yacht with multifaceted living spaces that will appeal to even the most discerning of tastes. Her interior boasts an active entertainment centre on the main deck while a subtle comfort awaits you in her tastefully furnished cabins below deck. Italian marble swathes the floor while lavish furnishings embellish the opulent saloon.

alfresco

On JoJo, alfresco dining takes on a whole new perspective. As you board from the boarding platform, spiral steps usher you unto an alfresco dining area that is just perfect for entertaining. Another flight of stairs will take you to the open-air fly bridge which has a magnificent and unhindered 360-degree view of the surroundings, so you know you will never miss the captivating beauty of the environment. The forward deck has an inclusive sun pad for those who prefer quiet moments out in the sun.

luxuriously appointed

Nights on board JoJo are nights spent either in revelry or reflection. The saloon is fully equipped with a 42-inch TV and home theatre system, complete with karaoke facilities. Or you may opt to spend some quiet time on the exterior, basked only by the moonlight, covered underneath stars and surrounded by the open sea. At the end of the night, retreat to the private confines of your cabins – a choice between a master cabin with walk-in wardrobe and jacuzzi, a VIP stateroom, a twin cabin and a double cabin all with en-suite facilities – where you will be nestled in luxury on board JoJo.

entertaining

From a hot espresso to a full course meal, JoJo's experienced and friendly crew will cater to your every whim and fancy. Special requests are always welcomed so you know you can plan the perfect getaway for any occasion. Water toys are also at hand for the adventurous at heart.

power and control

JoJo is fully equipped with up-to-date modern navigation systems. The Captain has a total of 2500 horse power at his disposal but in reality you, the guest, are always in control. From planning the most suitable itinerary to destinations of interest, to the time you return to harbour, you have complete control over your experience. Cruise at your own pace, go wherever you please – it is our pleasure to attend your wishes. On JoJo, your satisfaction is of the utmost priority.
