

CUSTOM PASSENGER SPEED BOAT

\$165,000 Year: 2018 | Length: 46.42 ft | Thailand

CUSTOM PASSENGER SPEED BOAT

OVERVIEW

Singh is a custom speed boat built in Thailand with the wonderful cruising grounds of this part of the world in mind. A boat that is tailored for the day charter market but could quite easily be used as a private hotel ferry or with a few alterations a dive or fishing vessel.

Built in 2018 and refitted in 2022, she is powered by three Yamaha 250hp outboards which provide excellent performance allowing the boat to explore the islands further afield on a day trip. Equipped with speakers throughout, BBQ, day heads and plenty of interior and exterior seating for a very fun day on the water.

Currently afloat and ready for the upcoming season, Singh is Thai flagged presenting a fantastic opportunity for anyone looking for a passenger speed boat that has been very well kept, recently refit and with engines that have less than 250 hours on. Please get in touch with Jamie Allwork and Simpson Marine for further details or to arrange a viewing.

Asking price – 6 million Thai Baht

MEASUREMENTS

Length: 46.42 ft

Beam: 11.17 ft

Displacement:

PROPULSION
