ADVANCED CARBON COMPOSITE

GREEN LIGHT, GO

(AND NO PHONES OR APPS INVOLVED)

Every function of theTKOTYPE- 001 can be accessed directly from our wireless controller.

Modulate the exact amount of power you require for your ride with its intuitive and automatic control scaling, a handy feature that is adjustable on the fly.

There are also no apps to connect and no need to fiddle with your phone at the water's edge– Just dock the battery, connect the Power Leash, turn on the remote, check for the green light and GO!
