

AXOPAR

AXOPAR 22 T-TOP

Axopar 22 T-Top The Axopar 22 T-Top adds a fixed GRP and canvas top to its triple award-winning platform. The roof is mounted to a raked-back aluminium Targa frame, providing a shaded retreat when cruising. This is the ultimate expression of a day boat: sleek styling, fun performance, easy handling, incredible stability, and best-in-class seaworthiness. With many options available, the Axopar 22 T-Top can be customised and designed specifically for how you enjoy spending time on the water.

The Axopar 22 T-Top is an astounding day boat that offers fun at the helm and comfort aft. Featherlight steering, nimble agility, and speeds up to 45 knots make for a thrilling cruising experience. The ease at which the Axopar 22 T-Top handles is empowering and safe.

The all-weather T-Top roof does not compromise the enjoyment of the open version of the Axopar 22. The fixed canvas and GRP top, mounted to a black-painted, raked-back aluminium Targa frame, offers plenty of headroom and welcome shelter. With fully open sides, the experience of open-water boating is unimpeded.

Constructed with a GRP twin-stepped 20-degree V "Sharp entry hull", the Axopar 22 T-Top has a low centre of gravity that assures good directional stability and fantastic grip during cornering. With

a draft to props of less than a metre, this day boat has no issues cruising in shallower waters.

The Axopar 22 T-Top is large enough for seven passengers and is offered with many configurations and additional extras. Key features include a large walk-around centre console and generous storage options. There is also the possibility of a day head, splash-proof USB outlets, swivel helm seats, and beverage holders.

Customisation is part of the Axopar DNA and the Axopar 22 T-Top is available with four different layouts. As standard, the Axopar T-Top comes with an aft bench sofa but this can be reconfigured to provide more storage space or to install a U-shaped sofa that can be extended as a sun bed.

AXOPAR 22 Spyder

The triple award-winning Axopar 22 Spyder is a premium day boat that delivers an exhilarating blend of handling prowess and onboard comfort. This entry-level model exemplifies Axopar's commitment to building sleek, performance-driven vessels that are both easy to handle and seaworthy. The Axopar 22 Spyder encapsulates the thrill of open boating, and with numerous customisation options available can be personalised specifically to suit your preferences and waterborne activities.

The Axopar 22 Spyder is triple award-winning: it was named winner at the Best of Boats Awards in 2021 and the European Powerboat of the Year and Motor Boat Awards in 2022. This is a true driver's boat with first-rate handling, impeccable seaworthiness and safety, coupled with the comfort Axopar is renowned for.

This is the smallest model from the Finnish luxury boat builder. It offers supreme comfort and remains predictable and logical at the helm, regardless of weather conditions. With precise handling, outstanding efficiency, and the same laid-back characteristics as its larger siblings, the Axopar 22 Spyder is a pleasure at sea.

The helm is uncluttered and intuitive, and when equipped with the larger 200 hp outboard engine, speeds of up to 45 knots can be achieved. Axopar offers the model with various deck options, allowing you to configure the boat precisely to your needs. As standard, the Axopar 22 Spyder features a bench settee, but it can be reconfigured with multi-storage compartments, a U-shaped settee, or fitted with a large sun pad. Additional seating is available on the foredeck.

22 RANGE
