FAIRLINE SQUADRON 68

This listing is for a nearly new Fairline Squadron 68 launched in 2022 and only used several times over the last few months. This model is the new reimagined version of the Squadron 68 flagship and she is the first of her kind to arrive in Asia. She has been upgraded to be fitted with a 150 litre per hour water maker and has just had new antifouling and anodes applied in November 2022.

She is the 3-cabin layout with a super useful utility room down and also with a twin crew cabin fit out. White hull with interior timber in walnut glass. With no less than 7 fridges/freezers onboard and an ice machine with a flybridge BBQ area and a large main deck social galley area with built in bar she is well equipped to cater for every need. She is also equipped with new features of this new model - hardtop with electric

sliding fabric sunroof and powered aft sunshade, foredeck sky canopy. Her specification includes CAT engines, Seakeeper 16 gyroscopic stabiliser, which keeps the yacht super still in the water even with relative swell. Garmin navigation aids, upgraded Sonos entertainment system, and much more.

Currently lying in Ocean Marina in Pattaya she is perfectly placed for her new owner to enjoy days and weekends out to Pattaya's surrounding islands or longer passages down to Koh Chang, Koh Mak, Koh Kood and across to Koh Samui and Koh Phangan.

This yacht will undoubtedly draw significant interest so please book your viewing with Simpson Marine now!
