## HANSE 315

### OVERVIEW

The Hanse 315 is a 31-foot sailing boat made in Germany. Named the European Yacht of the Year shortly after its debut, this compact vessel combines perfect sailing characteristics with easy handling. Whether you're an experienced sailor or a beginner, the Hanse 315 offers a delightful experience on the water.

This is a brand new boat just delivered in early 2024 and the owner has upgraded a lot of options: a cabin with a foldable seat, an electrical anchor windlass to make it nice and easy, a bimini top and a sprayhood so you and your guests can enjoy the sun without getting sunburnt. Added a cockpit table and swimming ladder to make the sailing trip more enjoyable.

Whether you're cruising along the coast or exploring open waters, the Hanse 315 promises an agile and comfortable experience for sailors who appreciate both performance and comfort.

It is a great chance to enjoy a new boat without waiting! Please let us know when you're interested.
