Sanlorenzo SL96 Asymmetric (2021)

Amazing opportunity to buy a like-new 29m superyacht. Built in 2021, she is part of the Sanlorenzo 96 Asymmetric series, kept in immaculate condition by her meticulous full time crew since delivery, and offered with very low engines hours.

Her asymmetric lines rethink the classic layout of a traditional motor yacht, in something more modern and dynamic. Her unconventional configuration provides an excellent circulation onboard – making her the only yacht of this size in the market that offers a seamless flow of access from aft to bow to flybridge.

Starting from the main deck aft with an al-fresco dining area, she offers great outdoor spaces. Enjoy her forward deck with lounge and sun-bathing area, and climb a few stairs to discover her large and functional flybridge. Here, a fully equipped custom bar cabinet with teppanyaki, fridge and ice maker, as well as a hi-low TV for sports games, an alfresco dining table for 10 guests, with Portofino chairs and sun loungers from Paola Lenti; welcomes all guests for a very comfortable day at sea. Both decks are coming with awnings.

Thanks to this revolutionary asymmetric configuration, extra living space has been created inside too. Her main salon is wider, full of natural light with large floor to ceiling windows; and has a cozy and comfy atmosphere with its elegant and refined furniture from Liaigre and Minotti.

The master suite, located on the main deck forward, has direct access to the foredeck which becomes an extension of the Owner's private apartment. In addition to the master, this yacht comes with 4 state-rooms on the lower deck, each with its own en suite in white Bianco Arabesco marble, for a total accommodation allowance of 11 guests. There is also space for 4 crew on board.

Overview

Builder:	Sanlorenzo S.p.A.
Model:	SL96 Asymmetric
Year:	2021
Hull material:	Composite
LOA:	29.1 m / 95.3 ft
