

SOLARIS 44

\$576,000 | Year: 2021 | Length: 43.8 ft | Hong Kong

SOLARIS 44

OVERVIEW

This 2021 SOLARIS 44 is well presented for sale, asking price of this boat is dropped to USD 576,000.00 (or HKD 4,500,000.00).

This yacht is fitted with VOLVO D2 75F engine (with 191 hours as of Q1 2024) and a sail-drive gearbox. The electronic equipment on board is powered by a PAGURO generator. The boat comes with a 3-cabin layout with a ensuite Master cabin at the bow and 2 Guest cabins at the stern of the boat.

This 44ft cruiser is a well-designed boat, allowing sailors to cruise the boat even if the boat is short on crews. The primary and secondary winches are power-assisted, they are all located close to the helm stations on 2 sides and can be reached with a stretch of the arm. The boat adopted a loose furniture design without a fixed cockpit table, so crews can utilise all the spaces on the deck when manoeuvring the boat.

The boat was not designed with just sailing in mind, but it was also balanced with all the equipment for comfort. The saloon is fitted air-conditioning, makes it a perfect cruiser for summer. Inside of the saloon, a C-shaped dining table with a galley on the port side is fitted for guests to gather and enjoy their food and beverages while the boat is anchored.

It is a great opportunity for people who are looking for a sailing boat with immediate availability. For viewing and further information about the 2021 SOLARIS 44, please contact us.
