

## SUNSEEKER MANHATTAN 73

**\$1,400,000** Year: 2012 | Length: 74.17 ft | Hong Kong

## SUNSEEKER MANHATTAN 73

### OVERVIEW

Sparkling clean and ready for a proud new owner, we are pleased to present this 2012 Sunseeker Manhattan as a sole agency listing for sale in Hong Kong. Delivered in late 2012 (with a 2013 hull number), and owned by her original family since new, this British-built flybridge motoryacht exudes a unified sense of style and comfort. Built to an exacting standard by skilled craftsmen at Sunseeker's shipyard in Poole, United Kingdom, this beautiful yacht was highly specified by her current owner, leaving you poised to enjoy amazing days at sea for many years to come.

Fitted with top-of-the-line MTU engines (1380 horsepower per side), this Manhattan 73 is surprisingly agile for a flybridge yacht of her size. Top speeds approach 30 knots, while cruising speeds in the 20-25 knot range are a relaxed and comfortable affair.

Designed with entertaining and family fun in mind, guests heading inside from the spacious cockpit will immediately be struck by how spacious the saloon is. By opting for a 3-cabin (and 3 heads) galley-down layout, the owner freed a large area of main deck space often taken by a galley. As a result, the entire main deck is an airy and inviting social area, always kept at a comfortable temperature by the yacht's upgraded tropical-spec air-conditioning.

Stepping down to the lower deck, three cabins – including a full-beam master cabin – provide gracious overnight accommodations for six guests. Located conveniently adjacent to stairs leading to the saloon, the yacht's large galley (fully equipped with Miele appliances) assures meal preparation with ease.

When outdoor socialising and dining are on the agenda, guests have their choice of three distinct lounge areas at the bow, cockpit, and large flybridge.

This Sunseeker Manhattan 73 is beautifully appointed and ready for her next adventure, please contact us to arrange your inspection.

### MEASUREMENTS

Length: 74.17 ft

Beam: 18.83 ft

Displacement: 98,987.56 lb
